College Credit Plus (CCP) Letter of Intent for 2023 Academic Year - DUE Monday, March 20, 2023

Date: _____ Student Name: _____ Grad Yr. _____

Student Email Address

Student Phone Number

In order to apply and be considered for the College Credit Plus (CCP) program students must meet the following criteria:

- The course(s) must apply to the high school diploma, associate degree or a certificate program
- College Credit Plus Letter of Intent to Participate submitted by 4/1 on an annual basis
- Apply to the college offering the intended course(s)
- Test College Ready for the college offering the intended courses(s)
- Maintain at least a 2.00 GPA in college courses and not fail and/or withdraw from two or more courses in the same term
- Possess the necessary social and emotional maturity to participate in the CCP Program
- Accept the responsibility and independence that a college classroom demands

Global Impact will provide funds to finance the cost of tuition and books for qualifying courses. Global Impact will request any college textbooks purchased by Global Impact be returned at the end of the term to the College Credit Plus Office to become the property of Global Impact Stem Academy

Global Impact STEM Academy/Student/Parent Agreement: when enrolling in ANY College Credit Plus coursework, in the event that the student does not complete, the student fails the course, and/or does NOT drop the course by the drop date, the parent/student is responsible for the cost of the course(s) and books. Parent/student is responsible for the cost of college credit hours should the student go over the state maximum limit of 30 hours in a school year between high school and College credit combined.

Students are expected to take at least four high school credits or the equivalent in college courses each semester. A three-credit college course is equivalent to a one credit high school course. High school courses cannot be dropped once the semester begins. College courses may be dropped according to the policy of the post-secondary institution, but a student must start the semester and make it through the second post-secondary drop deadline with at least four high school credits or the equivalent in college courses each semester. Dropping courses may impact athletic eligibility. Students who drop courses after the first deadline will be required to take a .5 high school credit College and Career Readiness course to replace the dropped course.

"The subject matter of a course enrolled in under the college credit plus program may include mature subject matter or materials, including those of a graphic, explicit, violent, or sexual nature, that will not be modified based upon college credit plus enrollee participation regardless of where course instruction occurs."

I would like to declare my intent to participate in the College Credit Plus program. I understand that signing this form does not require that I participate during the upcoming school year, and I may decide not to participate without consequence. I also understand that it is my responsibility to notify my school if I do not gain admission to my selected institution of higher education or choose not to participate in the program.

I certify that I have received counseling about the College Credit Plus program concerning the rules and regulations for both my school and college, and that I understand my responsibilities, the benefits and possible risks of participating in the College Credit Plus program. I also certify that I have reviewed the CCP PowerPoint located on GISA's website
